

# Digital Skills in NI

## April 2023 - March 2024

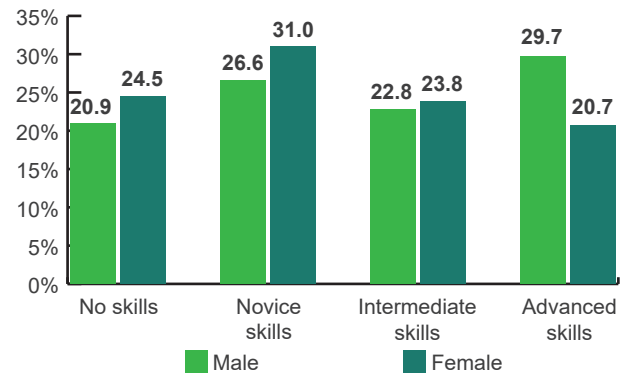

Source: Digital Skills in NI, NISRA (January 2025)

NISRA have published a paper looking at the digital skills of all those over 16 years of age living in Northern Ireland for the 2023-24 financial year. It examines a number of categories such as gender, age, labour market status and deprivation. Within these areas it looks at skill level and whether those surveyed had no skills, novice skills, intermediate skills or advanced skills. Those surveyed were also asked to indicate if they had used the internet in the last twelve months and were given 15 categories to choose from. The following are some of the results.

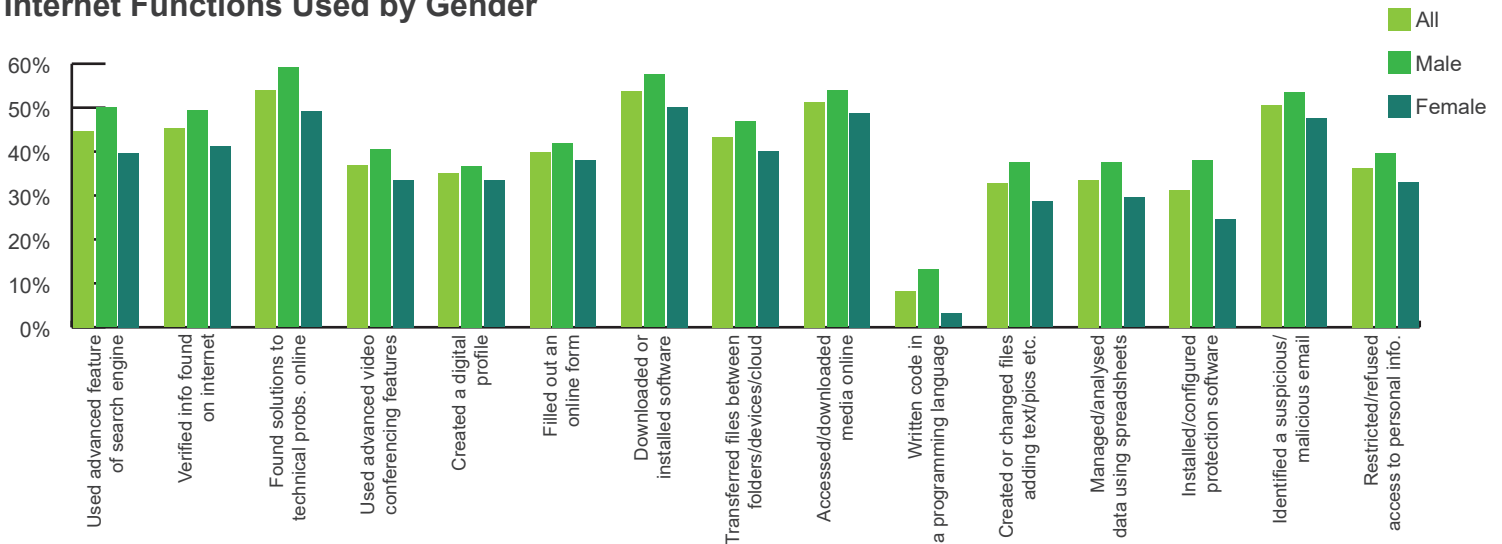

### NI Digital Skill Level

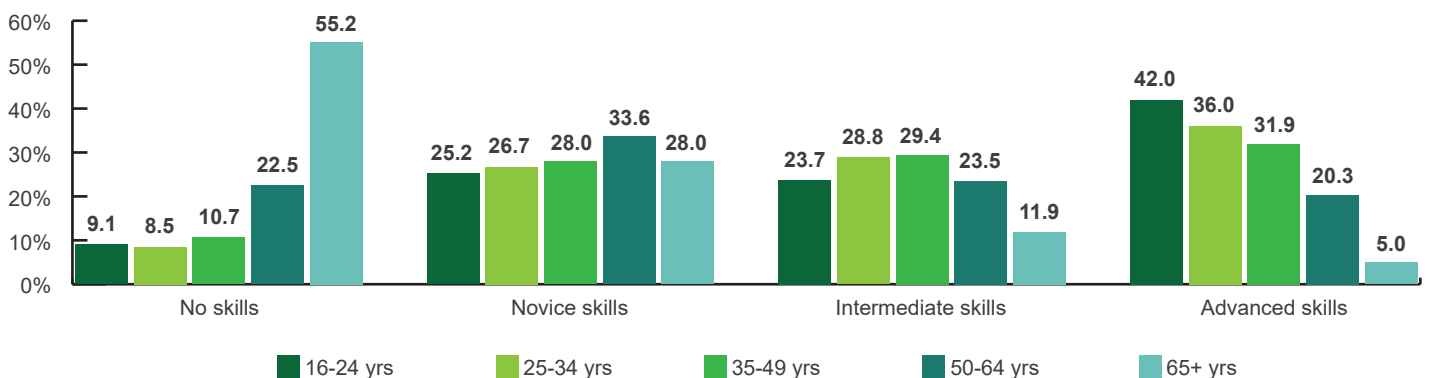

### Digital Skill Level by Gender

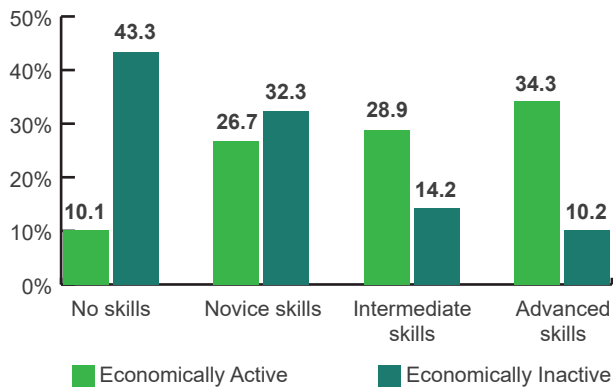

### Internet Functions Used by Gender

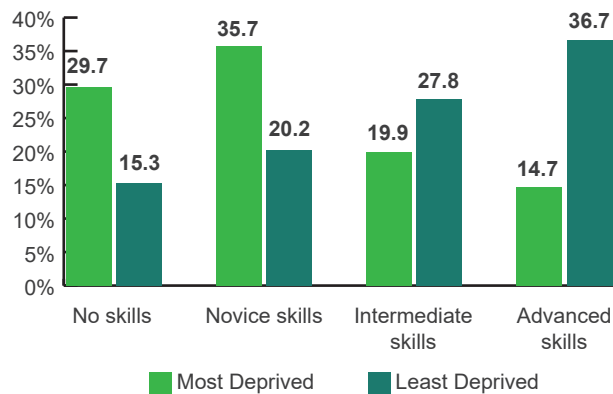

### Digital Skill Level by Age

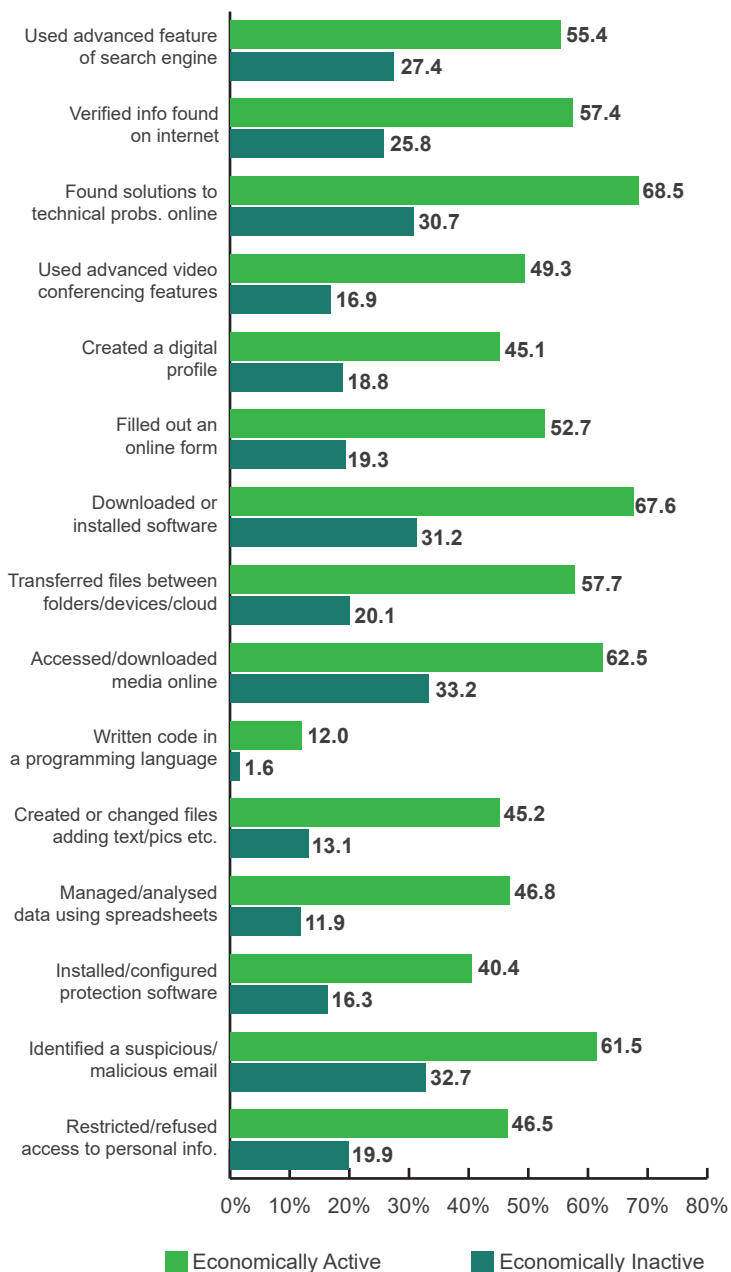

## Digital Skill Level by Economic Activity

## Digital Skill Level by Deprivation Level

## Internet Functions Used by Economic Activity

## Internet Functions Used by Deprivation Level
